PROJECTS

Study Hub

Role : use as a mini oddo system

Impact: *if live it it will replace the high budget systems and also good for the schools and colleges*

- manages attendance system ,quiz system, slides sharing , enrollment
- gives details aabout upcomig events too

Past Papers.pk

Impact : *got it live but did not put data in it due to lack of time , if we add past papers of every university it will help the students in exam days*

- manages details of every past paper we will upload .
- help in mid term and finals

Easy Paisa Transcation detector

Client based project

use for checking that the transcation has been received and also for avoidig the fake transctions .
